How many edtech tools are accessed every month (on average) by each US school district?

?

9% Fully Met All Goals

2017

EdTech Usage Trends

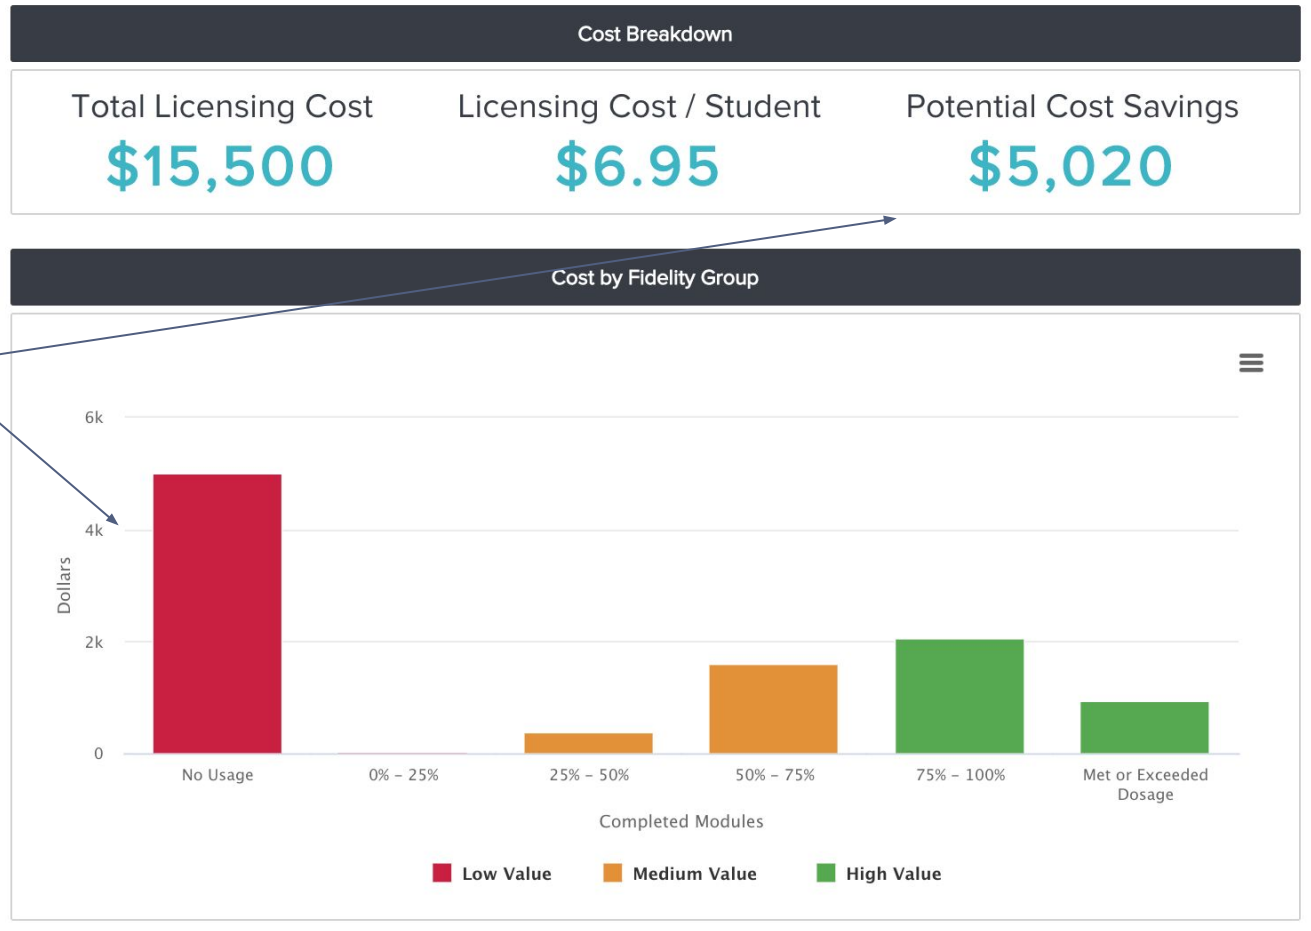

35% Licenses
Never Activated

32% Met Either
1/4 or 1/2 of Goals

24% Activated
but Met Zero Goals

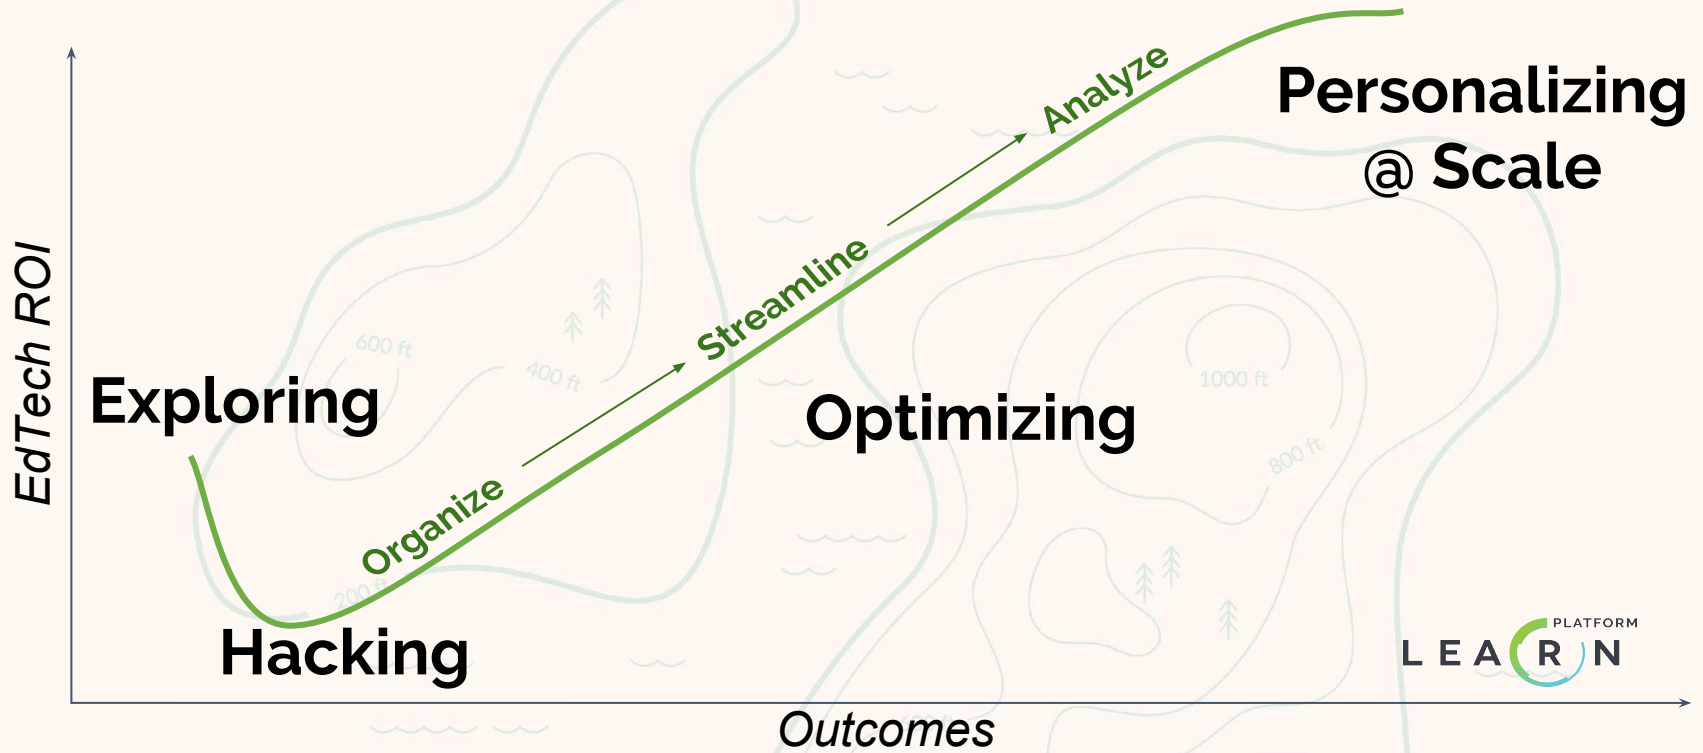

*Paid for
but never used*

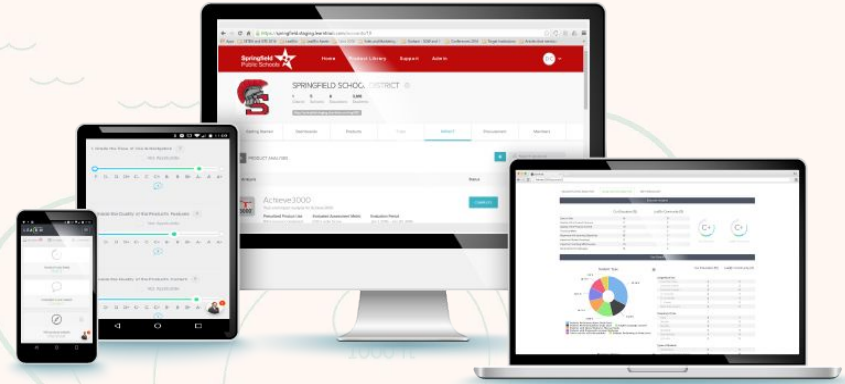

The background of the slide is a light green topographic map. It features several concentric contour lines representing elevation. Labels for these contours include '200 ft', '400 ft', and '600 ft'. There are also small tree icons scattered across the map, and a north arrow is visible in the upper left quadrant. The overall aesthetic is clean and technical.
